## ALLOCATION OF FUNDS:

Each spring, all available funds are allocated for the future fiscal year's use. Available funds for allocation in FY25 were comprised of all funds raised between July 1, 2023 – June 30, 2024, and all previously allocated funds that were unspent during that time frame.

### *Funding Priority 1:*

To ensure every Four Diamonds child receives the highest quality of lifesaving childhood cancer care at Penn State Health Golisano Children's Hospital without ever seeing a bill for that care. This compassionate process relieves both the financial pressures and the burden of billing paperwork for all Four Diamonds families.

### *Funding Priority 2:*

To ensure Four Diamonds children and their families are wrapped in comprehensive services. This includes providing access to top-notch specialists proven to enhance positive treatment outcomes, combined with support services to meet their physical, emotional, mental and spiritual needs.

### *Funding Priority 3:*

To ensure innovative research projects have the funding they need to search for deeper understanding of why and how childhood cancer happens, and new ways it can be treated. Funds are also invested in endowments, which earn interest, creating a secondary, permanent funding stream for our ongoing research efforts in pursuit of a cure for all childhood cancers.
